Please remember that you need an approved safety helmet that has been red tagged. There will be tags available should they need checking.

You will see that the day is continuous so try to keep to the time you have been allotted to keep things rolling along.

The tea and coffee will be on all day so bring a plate to share.

We would really appreciate if some of you could stay and help pack up, those of you that are on early afternoon would be ready to help after your horses are cared for and yarded when the last riders of the day are finished.
